AN APPLICATION FOR ECONOMIC ANALYST, (FIXED INCOME & CAPITAL MARKETS RESEARCH)

Greetings Sir/Madam,

I am writing to express my interest in Economic Analyst position at MARC Berhad. With having background in business analysis, I am confident in my ability to contribute effectively to your team and help drive informed investment decisions.

In my current role as a Business Analyst at Malaysia Digital Economy Corporation (MDEC), I have honed my analytical skills by conducting thorough market/technology-related study and analysis. My responsibilities include gathering and interpreting business/proposals data by the industry players, implementing critical thinking, developing solutions, providing reports as well as presenting valuable business proposals input to the company and stakeholders. These experiences have equipped me with a solid foundation in performing analysis, which I believe aligns well with the skill set required for an economic analyst.

As my educational background includes a Bachelor's Degree in Applied Economics, I do possess a keen understanding of financial markets and economic indicator. I have the ability to be well adapt in to be involved in analyzing both qualitative and quantitative data to inform strategies and provide insights on current and future market trends.

I am very keen about joining MARC and leveraging my skills to contribute to the success of your economics research team. I am confident that my experience as analyst, coupled with my passion for economics and financial market research, makes me an ideal candidate for this role.

Thank you for considering my application. I am eager to discuss how my background and skills align with the needs of the company.

I am available for your interview at your convenience and looking forward to hearing from you soon. I can be contacted at **+6011- 51644869** and at the following email address:

syuhadafarah52@gmail.com

Thank you in advance for your kind consideration.
