PROFESSIONAL SUMMARY

A capable student of investments with exposure to Commercial banking and a broad range of experience. Driven by a passion for the financial world, I am prepared to gain a deep grasp of company valuations, financial statements, financial data patterns, stock analysis, fundamental analysis, technical analysis, risk management skills, and administrative tasks.

My internship at Alliance Bank has provided me with invaluable experience in identifying, analytical thinking and problem-solving, financial modelling and forecasting, market research and competitive analysis, and data visualization and communication. Eager to apply my financial knowledge and strategy management skills, I seek opportunities to make a significant contribution to the financial industry.

I am also blended with luxurious management skills with my experience. I could effectively plan and organize employee work schedules to ensure optimal staffing levels and meet operational needs, possess the ability to track and monitor performance, identify areas for improvement, and implement strategies to enhance growth.

My fluency language is native to Bahasa Melayu both in speaking and writing. For English, I am fluent in speaking and writing.
